### Philosophy

The aim at LCOCC is to have the children, welfare, development and happiness at its heart.

We believe that to provide our children a warm, supportive and safe environment, requires caring, passionate and professional Educators. We believe in offering our educators a stable, nurturing professional environment by fostering strong relationships with parents, families and the broader community which is supported by Centre's program.

We believe:

- In honouring the diversity of culture, values and beliefs in other people.
- Each child should be valued as a unique person and encouraged to develop positive self-esteem in a supportive, secure and healthy environment

- In the importance of committed and caring staff and encourage a stable, lasting relationship between them and the Centre
- it is important for children that parents and educators build positive, long-term relationships and that parents and families are given opportunities to participate in the program according to their needs and interests.
- That LCOCC can play an important part in the local community through the provision of Long Day Care (Regular Care) and Occasional care services
- In a sustainable environment and will seek to stimulate each child to appreciate their natural surroundings and its resources.
- Our environment is open ended, stimulating, nurturing and adaptable to the individual needs of each child. It nurtures creativity and spontaneity and develops a sense of belonging and community within the learning environment.

Our children:

Introduced to an educational play-based program to assist each child to build and develop at their own individual rate with guidance and support by all educators:

- Free to express their feelings and Interests
- Show confidence, curiosity and imagination
- Are independence and have good self-esteem
- respect for themselves and others
- are friendly and show caring behaviour
- show their full potential both emotionally and physically
- foster and reinforce self-control
- have an understanding and appreciation of the rights and feelings of other people

We support our beliefs through:

- Implementation of a child-centric program curriculum in line with the Early Years Learning Framework, where programs reflect children's needs, interests and strengths so that they are actively involved in their learning.

A strong emphasis on the concepts of Belonging, Being and Becoming.

### Children

#### Those First Weeks

The introduction into care can be difficult for children and parents. Children's welfare and happiness are the priority for Educators when welcoming new children to the Service and when assisting the family to settle into the Service environment. It is recognised that family's needs will vary greatly in the orientation process and individual needs will be met as best is possible.

The following outlines some helpful hints for parents on settling their child into care: -

- Make sure you familiarise your child with the environment by coming in for a visit before commencing care after hours.
- Ease your child into care with short stays to begin with. half day sessions.
- Provide a favourite toy, blanket, or comforter to support your child when they are separating from you or settling to sleep. This can help your child feel more secure.
- If your child is not settling well after a few visits, we can organise to help your child to gain trust with an unfamiliar environment.
- Interactions between Educators and parents or Educators and other children can produce positive role models and be reassuring. This experience can help to establish trust in an unfamiliar setting.
- Try to talk at home about child care. Mention the names of the Educators and other children. Talk about the things the child will be able to do at child care that are fun and enjoyable.
- Talk to the Educators about your child, for example, what they like to do; successful ways

of settling them to sleep; foods they like and dislike and so on. This helps staff to get to know your child.

- When leaving your child, it is best to make sure you say goodbye and then leave. Hesitating and not going after you have said your goodbyes, if a child is upset, only confuses them. Reassure your child that everything is alright, and you will return later, this can help them to settle.
- At first some children protest strongly while others may take a day or two to realise that you are leaving them and begin to protest after several days. Children soon learn that you do return and in the mean time they are well cared for.

### Clothing

Parents are advised to send their children to the Service in comfortable, inexpensive clothing. The children need to be able to move around during their play period and should be unimpaired by clothing. While paints, etc will come out in the wash, accidents do happen, so it is best to send the children along in their "less than good clothes". Young children enjoy and need "messy" play with paint, clay, sand, water and mud.

The Service will only have a limited supply of spare clothing. Please supply at least one change of clothing and underclothing in case of accidents.

**Please mark your child's clothing and replace name tags if they fade in the wash. Ensure clothing is weather appropriate.**

Please ensure that toddlers have about three complete changes of clothing and plenty of training pants.

**Please do not dress your child in clothing with cords e.g. shorts, hats etc. As these have the potential to become caught on equipment and may cause serious harm to your child.**

### Belongings

Please ensure all belongings are clearly labelled such as dummies, clothes etc. Lost property will be displayed for parent collection in your child's room. Parent co-operation in labelling assists the Service in keeping your child's belongings together.

**The Service discourages toys from home and we will not hold any responsibility for any personal belongings. Please be reassured comfort items are acceptable and will be looked after.**

### Possessions

A soft toy or security item are acceptable for rest time. It is appreciated if personal possessions are not brought to the Service e.g. guns, toys etc. Any possessions brought must come entirely at the parent's own risk with regards to breakage or loss.

### Lockers

Each child is allocated a locker. If your child attends less than five days per week, they will share their locker with another child.

### Guidance and Discipline

Staff follow a Behaviour Guidance Management Policy which extends across the whole Service giving consistency of expectation in all rooms. This policy allows children to develop self-discipline, a respect for others and for property and respect for self.

The policy aims are: -

- To give all children the opportunity to expand their experiences of life in a productive, safe environment that allows individuals the right to safety, tolerance, self-expression, cultural identity, dignity and the worth of the individual, along with honesty in dealing with peers and caregivers.
- To be taught to respect the rights and needs of others by foreseeing the outcome of their behaviour and the consequences of their behaviour.
- To encourage the individual social development of each child.

If you require further information on this policy, please ask staff and refer to the policy book.

### Rest and Sleep

Rest time routine varies according to individual needs. We aim to make rest time a relaxed, pleasant time for all children. We provide stretcher beds for children. Your child may wish to bring a security item, pillow or blanket to have at rest time. Please feel free to discuss your child's rest needs with staff.

## Communication and Educators

### What can you expect from Educators?

We would like to see the Service become more of a focus in the community and hold a high profile in the Child Care networking area of Lane Cove. This could be achieved by positive referrals, promotion and interest in the various fund-raising activities held.
